SIMMONS FIRST NATIONAL CORPORATION RISK COMMITTEE CHARTER

I. GENERAL

This Charter identifies the Purpose, Authority, Composition, Meeting Requirements, Responsibilities and Duties of the Risk Committee (the “**Committee**”) of the Board of Directors (the “**Board**”) of Simmons First National Corporation (the “**Corporation**”). This Charter is intended to serve as a key component of a flexible framework within which the Board, assisted by its various committees, oversees and directs the business and affairs of the Corporation. It will be reviewed at least annually.

II. PURPOSE

The Committee is appointed by the Board to assist the Board in fulfilling its responsibility to the Corporation’s shareholders with respect to its oversight of:

- (i) The Corporation’s enterprise risk management function, regulatory compliance function and overall risk governance structure;
- (ii) The development of the Corporation’s Risk Appetite Statement, which is further supported by the Corporation’s Risk Appetite Framework;
- (iii) The development and implementation of the Corporation’s Risk Appetite Framework, with an enterprise view of risk capacity, risk appetite, risk tolerances, risk targets and risk limits, and which is further supported by the Corporation’s Enterprise Risk Management Framework;
- (iv) The development and implementation of the Corporation’s Enterprise Risk Management Framework, including the implementation of consistent policies, procedures, processes and systems for identifying, measuring, monitoring, controlling and reporting risks of all types, including the categories of credit risk, market risk, liquidity risk, operational risk, regulatory compliance risk, legal risk, reputation risk and strategic risk;
- (v) The adequacy of the Corporation’s internal Risk Self-Assessment process; and
- (vi) Such other matters as may be delegated to the Committee by the Board from time to time.

III. AUTHORITY

The Committee is established pursuant to Article IV, Section 6 of the amended and restated By-Laws of the Corporation. The Committee will have the resources and authority necessary to perform its responsibilities and duties as enumerated in Section VI of this Charter, including the authority, subject to ratification by the Board, to:

- (i) Conduct or authorize investigations, at the expense of the Corporation, into any matters necessary for the Committee to perform its prescribed responsibilities and duties under this Charter;
- (ii) Appoint, compensate and oversee the work of any risk management consulting firm employed by the Corporation;
- (iii) Obtain advice and assistance from internal or external legal counsel, accountants, consultants or other advisors, at the Corporation's expense, to assist the Committee in performing its prescribed responsibilities and duties under this Charter;
- (iv) Obtain any information it requires from Management, officers or other associates of the Corporation and its subsidiaries, all of whom are directed to cooperate with the Committee's requests;
- (v) Delegate its authority to subcommittees established by the Committee from time to time, which subcommittees will consist of one or more members of the Committee and will report to the Committee; and
- (vi) Meet in joint session with any of the Board's other standing committees for the review of any information it deems necessary to perform its prescribed responsibilities and duties under this Charter.

IV. COMPOSITION

The Committee will be comprised of three or more directors. The Board will strive to maintain at least one member of the Committee who qualifies as a "risk management expert," as such term is defined by the Board of Governors of the Federal Reserve (the "FRB") and determined by the Board.

The Committee's members will be appointed annually by the majority vote of the Board on the recommendation of the Board's Nominating and Corporate Governance Committee (the "NCGC"), and may be replaced in the Board's discretion. Likewise, the Committee Chairman will be appointed annually by the majority vote of the Board on the recommendation of the NCGC, and may be replaced in the Board's discretion. The Committee Chairman must satisfy the independence and qualification requirements of the securities exchange(s) on which the Corporation's securities are listed, the Securities and Exchange Act of 1934, as amended, and the rules and regulations of the U.S. Securities and Exchange Commission (the "SEC") and the FRB.

The members will serve for such term or terms as the Board may determine or until their earlier resignation, retirement or removal by the Board. In determining whether an independent director is eligible to serve on the Committee, the Board must consider whether the director is affiliated with the Corporation or a subsidiary or affiliate of the Corporation to determine whether such affiliation would impair the director's judgment as a member of the Committee. No independent member of the Committee will receive any compensation from the Corporation or its subsidiaries that would impair his or her independence.

V. MEETING REQUIREMENTS

The Committee will meet at least quarterly, with the authority to convene additional meetings as circumstances require. All Committee members are expected to attend each meeting, in person or via teleconference or videoconference. A majority of the members of the Committee will constitute a quorum. If the Committee Chairman is not present, the members of the Committee may designate one of its members as temporary Chair by majority vote of the Committee members in attendance.

The Committee Chairman, with input from the EVP of Regulatory Affairs & Risk Strategy and the Chief Risk Officer, will prepare and/or approve an agenda, along with appropriate briefing materials, in advance of each meeting. The agenda for each Committee meeting will provide time during which the Committee can meet without the presence of Management (*i.e.*, Executive Session) to discuss any matters that the Committee deems necessary to perform its prescribed responsibilities and duties under this Charter. Executive Sessions of the Committee will be held at the end of each Committee meeting or on the call of the Committee Chairman. A record of all matters to be reported to the Board and all actions taken in Executive Session will be recorded and maintained by the Committee Chairman or his or her designee and will be retained by the Internal Audit Group Manager, who will preserve, to the extent reasonably possible, the confidentiality of such minutes.

The Committee will appoint a Secretary, who need not be a Director. The Secretary will keep detailed minutes of each Committee meeting and fully document and maintain records of the Committee's proceedings. The minutes of the Committee meetings will reflect if an Executive Session was held and if there were no actions or matters to discuss with the Board.

The Committee may request any officer or associate of the Corporation and its subsidiaries, independent counsel, accountants, consultants or other advisors to attend Committee meetings and provide pertinent information as the Committee deems necessary to perform its prescribed responsibilities and duties under this Charter.

VI. RESPONSIBILITIES AND DUTIES

In addition to the specific responsibilities and duties enumerated in this Charter, the Committee may take such other actions that are consistent with the general scope of its
